Commercial and Industrial Energy Efficiency Program

Upper Peninsula Power Company

2018 Electric Rebate Application

Savings brought to you by Upper Peninsula Power
Company and our Michigan energy partners.

Welcome to Upper Peninsula Power Company's Commercial and Industrial Program

Your business must be a current commercial customer of Upper Peninsula Power Company to participate.

Eligibility:

1. Project must be installed and completed between January 1, 2018 and November 30, 2018.
2. Application documents must be received within 60 days of purchase and/or installation of measures.
3. Equipment must meet all the stated eligibility requirements in the catalog to qualify for a rebate.
4. Rebate cannot exceed 75% of the total cost of the project.
5. Please refer to the four-step application process for all documentation needed.

Need help?

Call us at 877.367.3191
(Mon–Fri, 9 a.m.–5 p.m.) or email
ciapplications@clearesult.com

Four-step application process:

1. Complete and submit the pre-approval application.

Submit a pre-approval application and all required documentation before making any purchases or starting any work on the project.

- General information (page 4) and appropriate pages for your project.
 - Prescriptive (pages 6-15)
 - Custom (page 16)
- An itemized quote from selected vendor that includes the quantity, size, type, make and model of proposed items and labor costs, if applicable. Internal labor cannot be included in project cost.
- The manufacturer (OEM) specification sheets for all eligible measures per program guidelines.
- A copy of one month's utility bill for prescriptive projects or 12 consecutive months' of utility bills for custom projects. The first two pages are sufficient if they include a summary of energy use and charges.
- Incomplete applications will result in delays.

2. Obtain pre-approval notice.

Upon verifying that the project meets the program requirements, the customer listed on this application will receive a letter via email (or standard mail if email is unavailable) indicating the funds have been reserved for this project.

- This letter must be signed and returned within 10 days.
- From the date of issuance of this letter, you will have 90 days or until November 30, 2018 to complete the project and submit all final documentation. Applicant may submit a written request for one 30-day project completion extension.
- After 90 days or November 30, 2018, this application will expire and the reserved funds will be forfeited.

3. Install your project.

After signing and returning pre-approval notification, install the new equipment and remove the old equipment. Incomplete applications will result in delays.

- Only new products, which are exact product types listed in this application, are eligible for Prescriptive incentives.

4. Complete and submit the final application.

- Applicants must participate in an exit interview with Efficiency United staff to identify incentive opportunities and document a Joint Energy Efficiency Plan (JEEP).
- Submit the final application (page 18), including all project invoices, after the project is completed.
- Incomplete applications cannot be processed for payment.

Efficiency United C&I Rebates
3100 West Road,
Building 3, Suite 200
East Lansing, MI 48823

Terms and Conditions

ELIGIBILITY: Efficiency United energy efficiency incentives are offered to qualifying electric customers only while funding is available. Projects must be implemented (completed) by November 30, 2018. All application documentation must be submitted within 60 days of project completion or December 1, 2018. Projects must reduce electric usage through system efficiency improvements, control upgrades may also qualify. The following measures will not qualify: peak shaving, demand reductions, fuel switching, power generation, renewable energy, or operating schedule changes. Equipment must meet the minimum number of annual operating hours. Customer must participate in an exit interview with Efficiency United staff to identify incentive opportunities and document a Joint Energy Efficiency Plan (JEEP).

COMPLIANCE: All projects must comply with applicable federal, state, and local laws and building codes. All equipment must be new or retrofitted with new components per program specification. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed or permanently disconnected. New equipment must meet specification requirements and existing equipment must be operational when the application is submitted. Only one incentive will be granted for each project. Customers can submit multiple projects in a calendar year; however, the incentive totals cannot exceed the incentive limit cap per year. If the project is in a leased building, the lease term must be at least three (3) years and a copy of the lease may be requested. Up to 24 months of utility usage information may be requested.

INCENTIVE CAPS: Incentive caps may not exceed 75% of the total project cost, including materials, external labor, permits, equipment rental or disposal. Custom incentives will not be provided for projects with less than a 1-year simple payback or greater than an 8-year simple payback. Prescriptive projects will be capped annually at \$50,000 per customer account number. Custom incentives may be limited by a tiered cap system depending on the energy savings of the project(s), or while Program funding is available.

INSPECTION: Program staff reserves the right to conduct pre-inspections and post inspections of proposed and installed projects.

PUBLICITY: Efficiency United reserves the right to publicize your participation in this program, unless you specifically request otherwise.

LOGO USE: Customers or allies may not use the Efficiency United name or logo nor that of any participating utilities in any marketing, advertising, or promotional material without written permission.

PROGRAM DISCRETION: Incentives are available on a first-come, first-served basis. Incentive amounts and offerings are subject to change or termination without notice at the discretion of Efficiency United.

PAYMENT: Once completed paperwork is submitted, incentive payments are usually made within 6 to 8 weeks. Incomplete applications will delay payments or result in denial of application approval. Efficiency United reserves the right to refuse payment and participation if the customer or contractor violates program terms and conditions. Efficiency United must receive 100% of the energy savings for the rated life of the product(s) or for a period of three (3) years from the receipt of incentive, whichever is less. If you do not provide the energy savings, the facility in which the installed projects are located closes or ceases operation within three (3) years from receipt of incentive, or you cease to be a customer of a participating Efficiency United utility during the three (3) years, you shall refund a prorated amount of the incentive.

RELEASE/INDEMNIFICATION: Payment of rebates under the Program and/or evaluation of applications for rebates shall not deem Efficiency United or any of its affiliates, employees, contractors or agents ("Efficiency United Parties") to be responsible for any work completed in connection herewith. Applicant fully releases Efficiency United Parties from any and all claims it may have against Efficiency United Parties in connection with this application, the rebates or the work performed in connection with them. In addition, applicant agrees to defend, indemnify and hold Efficiency United Parties harmless from and against any and all claims, losses, demands or lawsuits by any third parties arising in connection with this application, the payment or non-payment of rebates, or any work performed in connection with them. The customer hereby releases Efficiency United and participating utilities from any and all liability arising from or connected with releasing the information to Efficiency United set forth herein.

Efficiency United is a program administered and implemented by CLEAResult and the Michigan Community Action Agency Association pursuant to a contract with the State of Michigan, Department of Energy, Labor & Economic Growth, and in compliance with PA 342 of 2016.

New Construction Lighting Incentive

Measure	Incentive (A)
Interior Lighting	\$0.17 per Watts reduced
Exterior Lighting	\$0.17 per Watts reduced

Measure Description	Building Type	Occupied Area (Sq.ft.)	Total Watts Allowed (B)	Total Proposed Watts (C)	Total Watts Reduced (D=B-C)	Total Incentive (DxA)
Interior Lighting						
Exterior Lighting						

Part 1 Total Incentive

Part 2: Lighting Controls

Lighting Controls

Measure	Incentive	Unit	# of Units	Total Incentive
Lighting Occupancy Sensor <500W	\$20.00	per sensor		
Lighting Occupancy Sensor >500W	\$50.00	per sensor		
Daylight Sensor Controls	\$0.08	per Sq Ft.		
Central Lighting Controls	\$0.06	per Sq Ft.		

Part 2 Total Incentive

Part 3: HVAC Systems

Ground Source Heat Pump

Measure	Incentive	Total Tons	Total Incentive
17 EER	\$25.00 per Ton		
19 EER	\$30.00 per Ton		

Infrared Heater

Measure	Incentive	MBH	Total Incentive
Infrared Heater	\$1.75 per MBH		

Chiller Tune-up

Measure	Incentive	Total Tons	Total Incentive
Chiller Tune-up*	\$3.50 per Ton		

*Tune-up checklist must also be submitted

Air Cooled Chiller

Equipment Type	Size	Qualifying Efficiency		Incentive (per ton) (A)
		Full Load (kW/ton)	IPLV (kW/ton)	
Air-Cooled	All	0.796	1.04	\$20.00

Chiller Input Values

Measure	Path: A or B	Unit Tons (B)	IPLV (kW/ton)	Qualifying Efficiency	Quantity (C)	Total Incentive
Air Cooled						

Part 3 Total Incentive

Part 4: Air Distribution System

High-Volume, Low-Speed Fan

Measure	Incentive	Unit	# of Fans	Total Incentive
16' Fan Blade Diameter	\$175.00 per fan			
18' Fan Blade Diameter	\$275.00 per fan			

Part 4 Total Incentive

Part 5: HVAC Controls

Unitary Controls

Measure	Incentive	Unit	Total Guest Rooms	Total Incentive
Hotel Guest Room Occupancy Sensor	\$40.00	per guest room		

Centralized Energy Management System

Measure	Incentive	Unit	# of Units	Total Incentive
Energy Management System	\$0.005	per sq. ft.		
HVAC Occupancy Sensors	\$0.02	per sq. ft.		
Enthalpy Economizer	\$8.00	per ton		
Setback/Setup	\$0.01	per sq. ft.		
School – Setback with no A/C	\$0.035	per sq. ft.		
Air Side Economizer	\$15.00	per ton		

Chilled Water Reset Controls

Measure	Incentive	Unit	Total Tons	Total Incentive
5 Degree Reset	\$0.30	per ton		
10 Degree Reset	\$0.30	per ton		

Part 5 Total Incentive

Part 6: Insulation

Pipe Wrap

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
DWH 120° F - Conditioned Electric Water Heater	\$1.00	per linear ft.		

Part 6 Total Incentive

Part 7: Variable Frequency Drives

VFD Fans/Pump

Measure	Incentive
VFD on HVAC Pump	\$115.00 per CHW HP
VFD on HVAC Fan	\$50.00 per HP
VFD on Process Pump up to 50 HP	\$110.00 per HP
VFD on Process Fan	\$55.00 per HP

VFD Application Type (Table Above)	Fan/Pump/Motor Type	Incentive Rate	Controlled Motor Size (HP)	Qty.	Total Incentive

ECM For HVAC Applications

Measure	Incentive	Unit	Qty.	Total Incentive
ECM for Furnace, UV, FC & Light Duty AHU-Up to 7.5HP	\$75.00	per Furnace		

Part 7 Total Incentive

Part 8: Compressed Air

Compressed Air

Measure		Incentive	Unit	# of Units	Total Incentive
Refrigerated Cycling Air Dryer	VSD	\$1.10	per SCFM		
Zero Loss Condensate Drain		\$55.00	per drain		
Compressed Air Engineered Nozzle - 1/8" Diameter	1,000 hours	\$30.00	per unit		
	2,000 hours	\$30.00	per unit		
	3,000 hours	\$30.00	per unit		
Compressed Air Engineered Nozzle - 1/4" Diameter	1,000 hours	\$40.00	per unit		
	2,000 hours	\$40.00	per unit		
	3,000 hours	\$40.00	per unit		
Compressed Air Engineered Nozzle - 3/8" Diameter	1,000 hours	\$65.00	per unit		
	2,000 hours	\$65.00	per unit		
	3,000 hours	\$65.00	per unit		
Compressed Air Engineered Nozzle - 1/2" Diameter	1,000 hours	\$90.00	per unit		
	2,000 hours	\$90.00	per unit		
	3,000 hours	\$90.00	per unit		
Compressed Air Storage Tank		\$35.00	per HP		

Compressed Air Audit and Leak Repair

Measure	Incentive	Unit	# of Units	Total Incentive
Compressed Air Audit and Leak Repair	\$3.50	per SCFM of leak repaired		

Part 8 Total Incentive

Part 9: Commercial Refrigeration

Vending Machine Controllers

Measure	Incentive	Unit	# of Units	Total Incentive
Cold Beverage Controller	\$50.00	per unit		

ENERGY STAR® Refrigerator and Freezer

Measure	Incentive	Unit	# of Units	Total Incentive
Solid Door Refrigerator < 15 sq. ft.	\$20.00	per unit		
Solid Door Refrigerator 15–30 sq. ft.	\$20.00	per unit		
Solid Door Freezer < 15 sq. ft.	\$25.00	per unit		
Solid Door Freezer 15–30 sq. ft.	\$55.00	per unit		

Commercial Refrigeration Lighting

Measure	Incentive	Unit	# of Units	Total Incentive
LED Lighting for Refrigeration Cases - Door	\$35.00	per door		
LED Lighting for Refrigeration Cases - Linear Feet	\$8.75	per linear ft.		
Occupancy Sensors for LED Case Lighting	\$15.00	per door		

Commercial Refrigeration Motors

Measure	Incentive	Unit	# of Units	Total Incentive
Walk-In ECM replacing Shaded Pole	\$160.00	per unit		
Walk-In ECM replacing Permanent Split Capacitor	\$55.00	per unit		
Cooler Case ECM replacing PSC or SP	\$70.00	per unit		

Commercial Refrigeration Controls

Measure	Incentive	Unit	# of Units	Total Incentive
Floating Head Pressure Control	\$7.50	per ton		
Anti-Sweat Heater Controls	\$100.00	per door		

Strip Curtains

Measure	Incentive	Unit	Total Sq. Ft.	Total Incentive
Cooler Strip Curtain	\$2.00	per sq. ft.		
Freezer Strip Curtain	\$6.50	per sq. ft.		

Cooler/Freezer Door Gaskets Seals

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
Door Gasket Seal	\$1.75	per linear ft.		

Insulation

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
Night Covers	\$0.50	per linear ft.		

New Reach-In Refrigerated Case Doors

Measure	Incentive	Unit	Total Linear Ft.	Total Incentive
Medium Temp	\$40.00	per linear ft.		
Low Temp	\$100.00	per linear ft.		

Part 9 Total Incentive

Part 10: Commercial Kitchen

Commercial Kitchen Equipment

Measure	Incentive	Unit	# of Units	Total Incentive
ENERGY STAR® Steam Cookers				
3 Pan	\$1,000.00	per unit		
4 Pan	\$1,000.00	per unit		
ENERGY STAR Fryers	\$80.00	per unit		
ENERGY STAR Griddles	\$180.00	per unit		
ENERGY STAR Convection Ovens	\$150.00	per unit		
ENERGY STAR Combination Ovens	\$1,200.00	per unit		
Pre-Rinse Sprayers	\$15.00	per unit		
Automatic Door Closers for Refrigerated Walk-in Coolers/Freezers	\$80.00	per door		

Part 10 Total Incentive

Part 11: Building Envelope Insulation

Automatic High-Speed Doors

Measure	Incentive	Unit	Total Sq. Ft.	Total Incentive
Between Freezer and Dock	\$110.00	per sq. ft.		
Between Freezer and Cooler	\$60.00	per sq. ft.		

Part 11 Total Incentive

Note: Pre-Approval Applications must be submitted for **all** Custom projects

Part 1: Project Summary

PROJECT DESCRIPTION	
Before Retrofit (<i>Baseline</i>)	Post Retrofit (<i>Proposed System</i>)

Part 2: Energy Savings Summary Table

Project Type	Measure Life	Current Energy Rate (\$/kWh)	Annual Savings (kWh/Yr)(A)	Incentive Rate (\$ per kWh)(B)	Project Cost	Simple Payback Period*	Calculated Incentive (AxB)

*Project payback period must be greater than one year and may not exceed eight years to qualify for an incentive.

Measure	Incentive
Non-Lighting	\$0.08
LED Lighting	\$0.08
Lighting	\$0.08

Part 3: Executive Summary (Detailed description of the project and calculations)

Joint Energy Efficiency Plan

CUSTOMER INFORMATION

Company Name

Customer Address	City	State MI	ZIP
Electric Utility UPPCO	Natural Gas Utility		

The intent of this document is to assist customers in identifying future energy reduction projects within the next three years. Doing so gives Efficiency United the opportunity to assist in the development and implementation of a Joint Energy Efficiency Plan (JEEP) with customers. The goal is for the customer to develop an implementation plan with the help of Efficiency United for the identified projects.

The customer has set a goal to reduce its existing electric usage by _____% and/or natural gas use by _____% within the next three years.

Commencement Date

By choosing to develop a JEEP, the date of this Agreement will become the commencement date for the projects identified. This commencement date for projects will be indicative of when Efficiency United and the customer acknowledged the projects were under consideration and verified the incorporation of energy efficiency options into equipment purchases.

This can serve as a conditional pre-approval date for technical opportunities that may be considered for Efficiency United customized rebates. This eliminates a situation in which the pre-approval occurs after equipment is ordered or purchased, thus avoiding the possibility of not receiving an incentive. This however does not guarantee the project will qualify for a rebate, nor does it guarantee implementing the project will result in energy savings. **All projects identified in this Agreement will still need to go through the pre-approval process to determine if the project will qualify for an incentive, the incentive amount and to reserve appropriate funding.** Technical opportunities identified and scoped through work performed as part of one of the studies included in this plan will be subject to this date of influence.

Access to Utility Data

In order to assist the customer with the development and implementation of a JEEP, customer agrees to provide Efficiency United with the 12 most recent months of electric and natural gas cost and consumption information. This information can be provided in the form of copies of utility bills or in a spreadsheet summary.

Customer Name *(Print)* _____ Customer Signature _____ Date _____

EU Representative *(Print)* _____ EU Representative _____ Date _____

Summary of Identified Projects

Project Description	Est. Electric Savings (kWh)	Est. Natural Gas Savings (therms)	Est. Start Date

Final Application

Note: Complete and submit this Final Application within 60 days of equipment installation.

FINAL PROJECT SUMMARY		
Company Name (as it appears on utility bill)	Total Project Cost	Total Incentive

PAYMENT RELEASE AUTHORIZATION (OPTIONAL)			
Complete this section ONLY if incentive payment is to be paid to an entity other than the customer (utility account holder).			
I AM AUTHORIZING THE PAYMENT OF THE INCENTIVE TO THE THIRD PARTY NAMED BELOW AND I UNDERSTAND THAT I WILL NOT BE RECEIVING THE INCENTIVE PAYMENT. I ALSO UNDERSTAND THAT MY RELEASE TO A THIRD PARTY DOES NOT EXEMPT ME FROM THE PROGRAM REQUIREMENTS OUTLINED IN THE TERMS & CONDITIONS.			
Customer Signature	Print Name	Date	
Payee: Company / Individual Name	Phone Number		
Mailing Address	City	State	ZIP
Payee Tax Payer ID (SSN/FEIN)	Tax Status—Corporation (Inc., LLC, etc.)		

FINAL APPLICATION CHECKLIST & CUSTOMER AGREEMENT		
Final applications must have complete information and be submitted with:		
<input type="checkbox"/> The entire completed application, including the completed incentive worksheets reflecting any applicable quantity or measure change <input type="checkbox"/> The signed customer agreement page with project completion date added <input type="checkbox"/> An itemized invoice from the installing contractor and/or vendor for the project which includes a separate line item for each incentive measure, and the date, quantity, size, type, make and model of installed items, as well as labor costs (if applicable). Internal labor cannot be included in the cost of the project <input type="checkbox"/> The manufacturer (OEM) specification sheets for any items that were part of a project application change <input type="checkbox"/> Copy of payee W-9		
I hereby certify that the information contained in this application is accurate and complete, all rules of this incentive program have been followed, and I have read and understand the terms and conditions		
I AGREE TO VERIFICATION OF EQUIPMENT INSTALLATION, WHICH MAY INCLUDE A SITE INSPECTION BY A PROGRAM OR UTILITY REPRESENTATIVE. I UNDERSTAND THAT I AM NOT ALLOWED TO RECEIVE MORE THAN ONE INCENTIVE FROM THIS PROGRAM ON ANY PIECE OF EQUIPMENT. I HEREBY AGREE TO INDEMNIFY, HOLD HARMLESS, AND RELEASE THE UTILITY FROM ANY ACTIONS OR CLAIMS IN REGARD TO THE INSTALLATION, OPERATION AND DISPOSAL OF EQUIPMENT (AND RELATED MATERIALS) COVERED HEREIN, INCLUDING LIABILITY FROM ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE.
