

C2. Standard Rules & Regulations—Terms and Conditions of Service

Continued from Sheet No. C-8.00

2. Location of Meters - Meters for all single family residential service will be installed outdoors. Meters for other services may be installed outdoors if they are located so they are protected from traffic and are readily accessible for reading and testing. Meters which must be protected from inclement weather while being serviced or tested shall be located indoors or in a suitable housing where such work can be performed.

Meters located indoors shall be as near as possible to the service entrance, in a clean, dry place, reasonably secure from injury, not subject to vibration, and readily accessible for reading and testing.

In cases of multiple buildings such as two-family flats or apartment buildings, if the meters are installed indoors, they shall be located within the premises served or at a common location readily accessible to the tenants and the Company.

An authorized representative of the Company will determine the acceptability of the meter location in all cases.

N 3. Non-Standard Meter Provision

- N a. Customers served on Residential Service have the option to choose a
N Non-Standard meter. For a customer to be eligible to participate in
N the Non-Standard Meter Provision, the customer must have a meter that
N is accessible to Company employees and the customer shall have zero
N instances of unauthorized use, theft, fraud and/or threats of
N violence toward Company employees.

- N b. A customer electing the Non-Standard Meter Provision will have a Non-
N Standard Meter installed at their premises, have the meter read
N manually monthly, and be subject to the following charges:

- N i. Upfront Charge: \$62.25, a one-time charge per billing meter
N per request.
- N ii. Monthly Charge: \$14.26, per month charge at each premise as
N defined by the Company's Standard Rules and Regulations.
N Multiple metered units shall be charged per billing meter.

- N c. A customer whose current meter is a Standard Meter and requests a
N Non-Standard meter will pay the Upfront Charge at the time they
N request this option but will not pay the monthly charge until the
N Non-Standard Meter is installed.
