**REGIONAL OUTAGE AFFECTING UPPCO
CUSTOMERS**

Marquette – Upper Peninsula Power Company (UPPCO) is aware of multiple outages across the Western Upper Peninsula including parts of UPPCO's service territory. These outages are related to the transmission infrastructure that delivers electric power to UPPCO's system. At this time, power is actively being restored. We're still experiencing high call volumes and site traffic, which may result in longer call-waiting times and may impact the ability for customers to access our website. To report an outage, UPPCO customers are encouraged to use their [customer portal](#) or email customerservice@uppcocom.
